PARTNER **PROGRAM**

AN ATTRACTIVE DISCOUNT AND TRANSPARENT PRICING POLICY.

Regardless of the volume of turnover, type of advertising sweets ordered, or cooperation period, we offer a fixed 20% discount from the prices offered to end customers.

PROMOTIONAL AND INFORMATION MATERIALS.

Our trade partners receive graphically-prepared electronic promotional materials that they can send to their customers, removing our contact details with one click. There are also catalogues in the electronic version that do not bear our logo at your disposal.

ONLINE SUPPORT.

At the partner's disposal there is a constantly updated website with no contact details and logos, as well as access to the hard disk, where photos with neutral graphics are located for use.

ASSISTANCE IN THE PREPARATION OF GRAPHIC DESIGNS.

A STARTER KIT AND FREE PRODUCT SAMPLES.

Each new trade partner receives a starter kit that contains our most popular and best-selling products, catalogues, and leaflets. During an ongoing cooperation, our partner can order free products that he would like to present to his customer.

SUBSTANTIVE SUPPORT: TRAININGS AND PRESENTATIONS

Our experts conduct free trainings in the scope of the Słodkie Upominki company offer, discussing in detail the presented products, printing technologies, and providing other important information necessary during the procurement phase. We also advise in the scope of product labelling. Before the biggest season in the advertising industry, which is the Christmas season, we organize a Christmas offer presentation, during which you can see and enjoy the taste of products from the presented offer.

FAST AND TIMELY DELIVERY.

We prepare goods for shipping free of charge, in packages or in pallets. We also help in organising goods shipment via transport companies.

ENVIRONMENTAL PROTECTION IS OUR PRIORITY.

As a European leader in the advertisement sweets industry we are constantly implementing various environmentally friendly solutions, both for our products and the production processes in our facilities.

When designing new products we always keep in mind the safety and optimum storage conditions of our sweets. Additionally, we always try to minimise the use of non-organic packaging materials. We take great pleasure in informing you that 2020 is a landmark year for us:

- our products now have the option of packaging foil that is **100% biodegradable and therefore safe for the environment!**
- we also offer some sweets in packaging that **helped us to reduce the use of foil by 65% by replacing plastic with paper,**
- we are constantly reducing the amount of foil we use and replacing it with paper, either **100% recycled paper,** or **FSC certified paper** packaging, (FSC certification means using sources from controlled logging or recycling in order to protect forest ecosystems and prevent forest degradation),
- with one of our most popular products, lollipops, we replaced the plastic sticks **with paper ones,**
- we are constantly working to ensure that our product labels are “clean” by **eliminating synthetic flavours and colours** so that the ingredients list becomes shorter,
- our chocolate products **have received UTZ certification** for using sourcing which ensures sustainable development of the agriculture and food processing industries and guarantees that high ethical and ecological standards are maintained in the production of raw materials!

At the beginning of 2019 we started the **#We for the Planet!** campaign. We believe that everything we do is important, and each small step matters. The actions we are already proud of are:

- we replaced foil adhesive tape with a fully biodegradable paper equivalent and managed to reduce the use of foil tape by 90%,
- we introduced 100% biodegradable packing fillers to secure our products in transport,
- we replaced disposable plastic dishes with paper ones,
- we are promoting healthy lifestyles among our employees by offering them fresh fruit and encouraging them to ride bicycles.

Each of our sweet gifts is takes part in many long-standing activities, including:

- heating buildings with heat recovered from the manufacturing process,
- significantly reducing the use of water by installing tap inserts,
- segregating and recycling waste,
- planting trees,
- continuously replacing old lighting with LED lighting,
- our future plan to install photovoltaic panels,
- upgrading our vehicle fleet to newer models which emit less CO2.

We are sure that with these small well thought out steps we will be able to change the world for the better.

**JOIN US IN THE FIGHT FOR
A BETTER TOMORROW FOR OUR PLANET!**

We are the only company in Poland, and one of only a few in Europe, in the advertising sweets industry to have implemented the **BRC Global Food Safety Standard**. Our company has been operating under the BRC system since 2013 and our effectiveness is confirmed with annual certification by an internationally recognised certifying authority – Bureau Veritas.

This certification, conducted in accordance with the strictest requirements for food production safety in the market, absolutely guarantees that:

1. Our products are completely safe:

- they are regularly subjected to tests in accredited laboratories,
- they are tested with metal detectors,
- highly qualified personnel handles, the production process, the storage of raw materials and finished products, and the continuous maintenance of sterile conditions with controlled humidity and temperature,
- they are subject to numerous procedures that prevent contamination,
- every raw material and finished product is fully identifiable.
- **We only work with trusted suppliers of raw materials and packaging** – exclusively those which meet the requirements of the BRC standard, thereby ensuring the highest product quality and the safety of the manufacturing process.

2. The quality of our sweets is consistent and of the highest level:

- we constantly train our employees, deepening our team's knowledge and awareness of product safety topics, with almost 20 training courses a year,
- higher hygiene and safety standards are required in the production and warehouse areas,
- we meticulously analyse and clarify each customer complaint,
- and customers all around Europe have been enjoying our sweets for over 20 years.

This symbol means that we used 100% biodegradable, i.e. environmentally friendly, foil for the production of packaging. Customers can choose between standard or biodegradable foils.

This icon has been assigned to packaging fully made of 100% biodegradable materials.

We can pack products marked with this symbol in paper containing foil – the content of plastics in the material has been reduced by as much as 65%!

All UTZ certified products are produced according to the UTZ standard, which is guided by the principles of fairness and transparency. The UTZ program enables farmers to learn better farming methods, improve working conditions and take better care of their children and the environment.

Our Pink Ribbon is made of pink chocolate manufactured based on ruby cocoa seeds, without any coloring agents or flavorings added. The fact that the product may be packaged in 100% biodegradable foil is another advantage. Some profits made on selling each ribbon are transferred to a foundation that promotes the knowledge about breast cancer prevention.

TWO-SIDED PRINTING!

These are double action products: they offer the ability to place any marketing message on the envelope and to write it with chocolate letters. Chocolate texts can take the form of one personalised tablet or have a more individual character and be written in the form of single chocolate characters arranged together. We are the only brand that raises the stakes by offering double-sided inscriptions! Design the entire area of the envelope (including the inner lining) and double the advertising space!

Sweet Voucher - with four different types of content to choose from - is a perfect solution for fairs, events or other occasions at which we would like to provide customers with some more information rather than just the regular, sweet "nice to see you" gift. The Sweet Voucher may become a business card or a discount coupon. It may also serve as an invitation to a specific event.

As the only ones on the market, we present candies with pieces of fruits and herbs embedded. Heart Candies Plus are delicious heart-shaped candies that do not contain artificial colours. Their delicate colour is due to natural herb and fruit extracts: raspberries, oranges, mint and thyme. Natural additives are fun for the palate and allow us to enjoy intense real flavours. You will find them in several versions, in the form of individually packed candies and in larger packages containing 80 g and 90 g of candies.

We present to you healthy fruit chips, new natural and tasty snacks. Dried apples and bananas contain B and C vitamins as well as potassium and fiber. Coconut chips are an equally healthy snack, and thanks to healthy fats an additional source of energy. Personalized packaging from an environmentally healthy kraft paper is an asset and each can feature your logo or an advertisement. Our natural chips are an excellent promotional method and a tasty snack.

Your logo
can also be
embossed on the lid!

AIRPLANE

HASHTAG

In an attempt to keep up with your ideas, we are expanding our original Push the Button range. In addition to new shapes of a hashtag and a plane, we offer a completely new solution - a hanger. The Push The Button hanger allows you to attach the product to a door handle, a bottle or a rear view mirror of your car. The hangers are available in the following shapes: heart, I like it, hashtag, circle, steering wheel, ball and sphere. Any of those shapes, filled with sweet, fruity or mint contents, may become an element of a marketing campaign conducted in any sector of the industry. The ability to personalize the entire box is an additional advantage.

This display is nothing less than a huge advertising space. Simply. The entire box will be filled with content that will be designed based on the customer's specific requirements. Our crunchy spice-flavored cookies will make the wait for a specific event - a movie or a music album premiere, a grand opening of a store or a salon, or another event - a truly enjoyable experience. It is also worth considering an option in which the cookies are packed in 100% biodegradable foil.

REFINEMENT OF THE PRINTING -
GILDING OR SILVERING
IS POSSIBLE!

COLOURS OF PAPER DYED IN MASSE!

Made from ruby cocoa beans without any coloring agents or aromas, ruby chocolate is a global chocolate phenomenon and the first true innovation on that market for 80 years. We offer you that kind of chocolate in the form of a box of chocolates with a large surface area that can be personalized. An intensive, fruity and slightly sour flavor hidden in ruby chocolate cubes, locked in a beautiful personalized packaging, will be a perfect sweet gift.

Intensely fruity, hand-made, apple, cherry, orange and lemon jellies are this year's addition to our range. Pure indulgence, even on the hottest of days. Jellies based on highly valuable fruit pectin, with no gelatin added. Available in a box containing as much as 110 grams of this sweet-and-sour pleasure.

NEW!

CAT. NO 0224
